

DACPF | Ceiling Plaster Frame

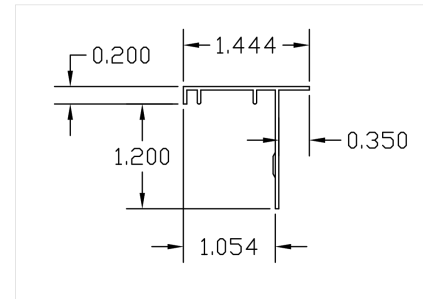

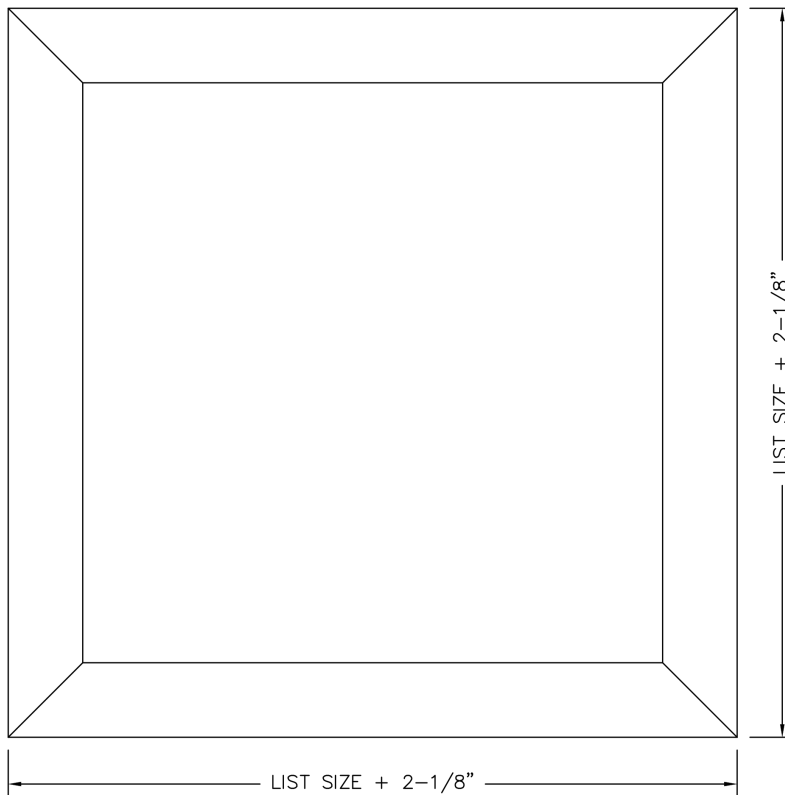

- Plaster frame is used for lay-in application in a drywall ceiling.
- Sidewall screw holes for concealed installation are standard.
- Cut opening in ceiling slightly larger than order size as this model's neck dimension is made to list size.
- Available on 1/16" increments standard.
- Available with durable powder coat finish.

Order 2" larger than the list size for Dayus product it is being used with.

E.g. A DARH 22" x 22" will into 24" x 24" DACPF.

If using with other manufacturer's grilles, order 1/4" - 5/16" larger than their outside dimension.

1. Specify the Length x Height Dimensions
